Transcending the whiteboard.
Elevating the way work comes together.

Hello, we're NOVA by WriteBest

For too long, the tools of collaboration have been treated as an afterthought, utilitarian objects hidden away in corporate meeting rooms. At NOVA by WriteBest, we believe that the spaces where ideas are born should be just as inspiring as the ideas themselves.

We design premium writing surfaces and minimalist workspace elements that seamlessly integrate into modern architecture. By combining high-end craftsmanship with quiet design, we don't just create products, we shape the creative flow of the modern workspace.

Rooted in decades of expertise through WriteBest, Malaysia's leading whiteboard manufacturer, NOVA combines heritage, craftsmanship, and experimentation. We create solutions that are purposeful, flexible, and intuitive, helping teams work collaboratively.

Our mission is simple: to redefine how thoughts take shape. By bringing meticulous design to overlooked workspace tools, we create environments that inspire effortless creativity and meaningful human connection.

Built on ceramic steel

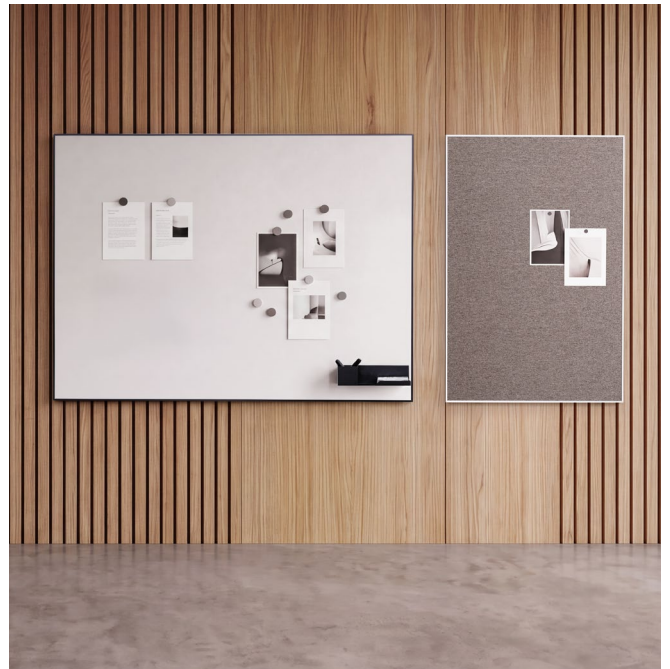

Good design deserves a surface worthy of it. Ceramic steel is fired at high temperatures, bonding a ceramic coating permanently to a steel base, producing a finish that is as refined in appearance as it is uncompromising in performance.

Smooth to write on, ghost-free, and resistant to scratches, stains, and fading, it holds its look over decades of use without losing its surface integrity. It is the material standard we hold every NOVA board to, backed by a 25-year surface warranty.

Beyond durability, ceramic steel is magnetic, easy to wipe clean, bacteria resistant, fire safe, and fully recyclable, a surface that performs as conscientiously as it looks. NOVA offers three ceramic steel surfaces to suit different spatial needs: Ultra High-Gloss for crisp visibility and everyday use, Low Gloss for projector-friendly environments, and Hygienic for spaces where cleanliness is a priority.

Border

Border

Border is a series of whiteboards for those who value simplicity, precision, and timeless elegance. Inspired by minimalism and geometric art, it strips each piece down to its purest form, a clean uninterrupted surface held by a single precise frame in black or white. It sits in a space the way good design always does, as if it was always meant to be there.

Border Whiteboard

Code	Size W x H x D mm
NV-BW23	600 x 900 x 20
NV-BW33	900 x 900 x 20
NV-BW43	1200 x 900 x 20
NV-BW54	1500 x 1200 x 20
NV-BW64	1800 x 1200 x 20
NV-BW84	2400 x 1200 x 20

Features

Writing surface / Magnetic ceramic steel
Frame / Slim powder-coated aluminium
Inclusions / Detachable magnetic pen tray

Border Mobile

Code	Size W x H x D mm

Caro

Nature has its own palette, and it never gets it wrong. Caro draws from that vitality, a whiteboard and notice board series where softly curved frames meet colours borrowed from the living world, bringing a lively, refreshing energy into the workspace. Rounded in form, vibrant in colour, and effortlessly at home in any interior.

Caro Whiteboard

Nook

NOVA
By WriteBest

Nook

There is something instinctively calming about wood, its grain, its curve, the way it softens a room without effort. The Nook series leans into that feeling through soft, curved Hevea wood frames that bring an organic warmth to any interior. Whiteboards, fabric notice boards, and dual boards make up the collection, each one designed to carve out a quiet, purposeful corner within the larger space.

Nook Whiteboard

Code	Size W x H x D mm
NV-NW33	900 x 900 x 50

Orbit

NOVA
By WriteBest

Orbit

Orbit moves through a room on its own terms, curved frame and fabric base grounding it wherever it lands, turning a blank surface into a boundary, a corner, a quiet room within a room. The series includes mobile whiteboard panels that double as space dividers, shifting the spatial language of a workspace as easily as the people inside it.

Orbit Mobile Panel

Code	Size W x H x D mm	Ceramic steel / Fabric H mm

Aura

NOVA
By WriteBest

Aura

Glass has always held a quiet power in a space, the way it catches light, shifts tone, and adds depth without weight. Aura captures that quality in smooth glass surfaces finished in luminous pastel tones. The series includes wall-mounted glass boards and mobile units that integrate naturally into the spatial language of modern environments.

Aura Glass Board

Code	Size W x H mm
NV-AB43	1200 x 900
NV-AB53	1500 x 900

Kargo

The best conversations rarely wait for a room. Kargo moves with that energy, a mobile desk that carries its own privacy panel ready to claim a corner and make it feel intentional. A hanging whiteboard sits at the heart of it, a surface always within reach for the thought that can't wait to be written down. Roll it in, and the meeting has already begun.

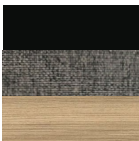

Kargo Mobile Desk

Rolling Hub

NOVA
By WriteBest

Rolling Hub

Rolling Hub is a celebration of flexibility, designed to adapt to the ever-changing needs of modern workspaces. Its modular steel frame creates endless possibilities, configuring freely into a workstation, a media hub, a room divider, and more. Slot in whiteboards, notice boards, and colourful melamine storage boxes wherever needed, and reshape it all as the space evolves. Build it your way, then build it differently tomorrow.

Collaboration wall

Create an engaging interactive corner with our durable ceramic steel wall, perfect for interactive projectors. Paired with fabric stools and tables, this setup is designed for seamless brainstorming sessions and lively discussions. Encourage dynamic collaboration and watch ideas come to life in this space, crafted to inspire and energise every team.

Custom solutions

Sliding board panels

Transform your space with our versatile sliding panels that function as movable walls, whiteboards, and notice boards, seamlessly adapting to your priorities. Designed for flexibility and collaboration, these panels create dynamic, multi-purpose spaces while maintaining a sleek and modern aesthetic.

Writing wall

Enhance your workspace with whiteboard walls and versatile steel partitions that double as writing or notice boards. Ideal for open coworking spaces, these solutions provide effective area division while promoting collaboration and productivity.
